

anthropology the human challenge pdf

Anthropology is a global discipline involving humanities, social sciences and natural sciences. Anthropology builds upon knowledge from natural sciences, including the discoveries about the origin and evolution of Homo sapiens, human physical traits, human behavior, the variations among different groups of humans, how the evolutionary past of Homo sapiens has influenced its social organization ...

Anthropology - Wikipedia

Cultural anthropology is a branch of anthropology focused on the study of cultural variation among humans. It is in contrast to social anthropology, which perceives cultural variation as a subset of the anthropological constant.. Cultural anthropology has a rich methodology, including participant observation (often called fieldwork because it requires the anthropologist spending an extended ...
