Launched in 1930, Analog offers imaginative fiction reflecting the highest standards of scientific accuracy, as well as lively fact articles about current research on the frontiers of real science.

### **Home of the World's Leading Science Fiction Magazine**

Science Fiction (often called sci-fi or SF) is a popular genre of fiction in which the narrative world differs from our own present or historical reality in at least one significant way. This difference may be technological, physical, historical, sociological, philosophical, metaphysical, etc, but not magical (see Fantasy).
