Belgium is ranked the 5th best place to die. It rated high on affordability, along with Australia, Denmark, Ireland and the UK. Those countries cover 80 to 100 percent of the cost of palliative care.

### **Best and worst places to die - CBS News - Breaking News**

Improving end of life care requires better population level data Although the oldest health statistics are based on death certificates, one of the weakest areas of health information is how we die. For example, in Canada 220 000 deaths occur each year. We know how many people died, and whether it was from cancer, heart disease, or other causes.
