Black people is a term used in certain countries, often in socially based systems of racial classification or of ethnicity, to describe persons who are perceived to be dark-skinned compared to other populations. As such, the meaning of the expression varies widely both between and within societies, and depends significantly on context. For many other individuals, communities and countries ...

Looking first at the unadjusted series, we see the familiar pattern of expansion of black-white wage gaps during the 1980s. For men, this expansion occurred primarily in the first half of that decade, when unemployment was high and union density and the number of manufacturing jobs, especially in the Midwest, were drastically declining.
