Marketing strategy is a long-term, forward-looking approach to planning with the fundamental goal of achieving a sustainable competitive advantage. Strategic planning involves an analysis of the company's strategic initial situation prior to the formulation, evaluation and selection of market-oriented competitive position that contributes to the company's goals and marketing objectives.

Classification: Some of the most significant improvements in the text have been in the two chapters on classification. The introductory chapter uses the decision tree classifier for illustration, but the discussion on many topics—those that apply across all classification approaches—has been greatly expanded and clarified, including topics such as overfitting, underfitting, the impact of ...

Introduction to Data Mining

Contemporary history, in English-language historiography, is a subset of modern history which describes the historical period from approximately 1945 to the present. The term "contemporary history" has been in use at least since the early 19th century. Contemporary history is politically dominated by the Cold War (1945–91) between the United States and Soviet Union whose effects were felt ...

Index of publications in Air Power, National Military Strategy and Policy. The twenty first century presents a significantly more complex strategic environment, both on the global and regional stages, than the bipolar strategic environment of the Cold War period. Nascent regional superpowers, ethnic and religious conflicts, and rapidly evolution and proliferation of a number of technologies ...
