The creative industries refers to a range of economic activities which are concerned with the generation or exploitation of knowledge and information. They may variously also be referred to as the cultural industries (especially in Europe (Hesmondhalgh 2002, p. 14) or the creative economy (Howkins 2001), and most recently they have been denominated as the Orange Economy in Latin America and ...

A play is a form of literature written by a playwright, usually consisting of dialogue and singing between characters, intended for theatrical performance rather than just reading. Plays are performed at a variety of levels, from Broadway, Off-Broadway, regional theater, to Community theatre, as well as university or school productions. There are rare dramatists, notably George Bernard Shaw, who ...
