

culture and the death pdf

This article is about death in the different cultures around the world as well as ethical issues relating to death, such as martyrdom, suicide and euthanasia. Death refers to the permanent termination of life-sustaining processes in an organism, i.e. when all biological systems of a human being cease to operate.

Death and culture - Wikipedia

A culture of life describes a way of life based upon the belief that human life at all stages from conception through natural death is sacred. As such, a culture of life opposes practices destructive to human life at any stage, including abortion, euthanasia, studies and medicines involving embryonic stem cells, and contraception. It also promotes policies that "lift up the human spirit with ...

Death is the end of life in an organism. All biological and living activity of the living thing stop, including the mind and the senses. The usual signal for death in humans and many other animals is that the heart stops beating and cannot be restarted. This can be caused by many things. All living things have a limited lifespan, and all living things eventually die.
