

decision making for the pdf

In psychology, decision-making (also spelled decision making and decisionmaking) is regarded as the cognitive process resulting in the selection of a belief or a course of action among several alternative possibilities. Every decision-making process produces a final choice, which may or may not prompt action.. Decision-making is the process of identifying and choosing alternatives based on the ...

Decision-making - Wikipedia

Consensus decision-making is a group decision-making process in which group members develop, and agree to support a decision in the best interest of the whole group or common goal. Consensus may be defined professionally as an acceptable resolution, one that can be supported, even if not the "favourite" of each individual.

Consensus decision-making - Wikipedia

Journal of Management and Marketing Research Management information systems and business decision making, Page 5 essence, decision making often calls for the reading of certain past work (Jahangir, 2005).
