Library Instruction Assessment. A consistent approach to assessment is essential to improve library instruction. The Association of College and Research Libraries identified assessment and evaluation as an important elements of information literacy best practices (ALA, 2003).

Objectives and Assessment - eduScapes

Intellectual giftedness is an intellectual ability significantly higher than average. It is a characteristic of children, variously defined, that motivates differences in school programming. It is thought to persist as a trait into adult life, with various consequences studied in longitudinal studies of giftedness over the last century.
