Chapter 5 Discourse, power and access - Discourse in Society

discourse is a vital methodological concept in unraveling power in the poststructuralist era. It is in discourse that power and knowledge are joined together. As Hutcheon (1991) observes, discourse is not merely a tool of domination, rather, it is an instrument of power. In addition, it is both an instrument and an effect of power.

The discourse of power is used when it comes to differentiating the levels of power due to cultural and social characteristics that come about through societal upbringing. The ways we think and talk about a subject influence and reflect the ways we act in relation to that subject.

Discourse of power - Wikipedia

Foucault: power is everywhere. Michel Foucault, the French postmodernist, has been hugely influential in shaping understandings of power, leading away from the analysis of actors who use power as an instrument of coercion, and even away from the discreet structures in which those actors operate, toward the idea that "power is everywhere"™, diffused and embodied in discourse, knowledge and ...
