Accounting or accountancy is the measurement, processing, and communication of financial information about economic entities such as businesses and corporations. The modern field was established by the Italian mathematician Luca Pacioli in 1494. Accounting, which has been called the "language of business", measures the results of an organization's economic activities and conveys this ...

The return on assets (ROA) shows the percentage of how profitable a company's assets are in generating revenue.. ROA can be computed as below: = This number tells you what the company can do with what it has, i.e. how many dollars of earnings they derive from each dollar of assets they control. It's a useful number for comparing competing companies in the same industry.

Why Trump Won. President Trump, Dear Diary Articles, Elections 2016. Why Trump Won By Brother Nathanael Kapner November 20, 2016 ©. DEAR DIARY, many are musing on why Trump won. But first we need to see why Clinton lost. Some say it's because she did not stress what she would do rather than slamming what Trump would trash, while others say it's because millions of Democrats did not vote.
