Science in a broad sense existed before the modern era and in many historical civilizations. Modern science is distinct in its approach and successful in its results, so it now defines what science is in the strictest sense of the term. Science in its original sense was a word for a type of knowledge, rather than a specialized word for the pursuit of such knowledge. In particular, it was the ...

During a quiz bowl game, two or more teams of usually up to four or five players are read questions by a moderator. In most forms of quiz bowl, there are two basic types of questions: toss-ups and bonuses. Toss-ups are questions that any individual player can attempt to answer, and players are generally not allowed to confer with each other. Each player usually has a signaling device, also ...
