Satire is a genre of literature, and sometimes graphic and performing arts, in which vices, follies, abuses, and shortcomings are held up to ridicule, ideally with the intent of shaming individuals, corporations, government, or society itself into improvement. Although satire is usually meant to be humorous, its greater purpose is often constructive social criticism, using wit to draw ...

Deism is a theological theory concerning the relationship between a creator and the natural world. Deistic viewpoints emerged during the scientific revolution of 17th-century Europe and came to exert a powerful influence during the 18th-century Enlightenment. Deism stood between the narrow dogmatism of the period and skepticism. Though deists rejected atheism, they often were called "atheists ...
